

How to Manage Your Facebook Fundraiser

Editing Your Facebook Fundraiser

Your fundraiser will be set up with a default photo from Stride but you can customize your picture by clicking "Edit" in the bottom right corner **1**. You can upload a photo or choose a photo from Facebook.

Your goal will be pulled in from Stride and donations made on your Facebook fundraiser page will automatically transfer over to your Stride Fundraising Page **2**.

If you would like to update the fundraiser settings, click "Edit" **3**

In this section, you can edit:

- How much you want to raise
- When your fundraiser should end (it will end at midnight on that day)
- The title of your fundraiser
- Information about why you are raising money

When all changes are complete, click "Save" **4**

If at any point, you need to immediately end your fundraiser, you can do so by clicking the three dots on the right side below your picture **5**. Then click "End Fundraiser" **6**.

If you need to delete the fundraiser as well, you can follow the same steps and click "Delete Fundraiser". This can only be done once the fundraiser has ended.

Inviting To & Sharing Your Page

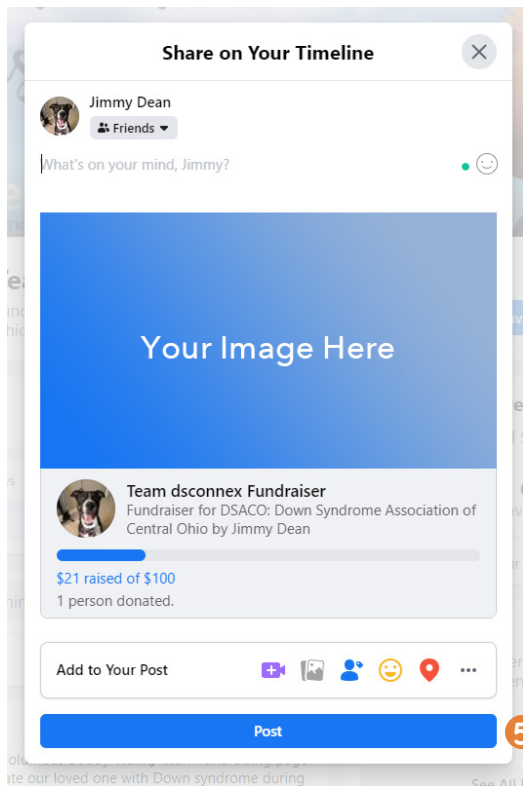

You can share your fundraising page to potential donors through Facebook either by inviting Facebook friends to the fundraiser or by sharing the page on your timeline.

To invite friends, click the "Invite" button below the picture **1**. Then, you can search your Facebook friends and click "Invite" next to the names of people you want to invite to your fundraiser **2**.

You can also click the "Invite" button **3** in the Invite Friends section of the page and invite all of your Facebook friends at once.

To share the Fundraiser to your timeline, click the "Share" button below the picture **4**.

In the pop-up box, type your message to friends and click "Post" **5**.

If you would like to share your Facebook fundraiser on Twitter, Instagram or via email, you can do so by copying the link to the page using the "Copy Link" button **6**.
